

# 2014 MODEL FACT SHEET

the  
**Luxury Spa**  
Line

Polo • Adelphi • Putnam • Canfield • Lincoln • Empire • Broadway

The 2014 Luxury Spa Line provides the Saratoga Dealer the most potential in making higher gross dollars based on the products built-in multiple value features. For 2014 we have added to those features by making Splash Lighting standard on the Luxury Spa Line. We are also reintroducing the Polo back into the Luxury Spa Line. Also, in an effort to maintain the Luxury Spa Line performance we have increased the pump size on the Polo, Adelphi and Putnam. We have also simplified the product line by discontinuing the ES version.

**Pumps** ..... Pumps are being reviewed on each model to provide optimum performance that matches jet count. The Pump GPM for 2014 is: **Polo & Adelphi 1@240 / Putnam 2@195 each / Canfield 2@240 each / Lincoln and Empire 1@240 & 2@195 / Broadway 2@240 & 1@175**  
*Tech Bulletin will follow regarding further updates.*

# 2014 MODEL FACT SHEET

Keene • Champlain • Cascade • Marcy • Georgian • Regent LE

*This series provides the perfect bridge between the customer's perception of spending money on features they don't need or settling for a lesser featured product based on a price. When the consumer wants to spend a little less, and get much more, the Adirondack Spa Line is designed for that specific purpose. The price point structure is designed around two platforms, the more featured LE version and the budget conscience SE version. More importantly it provides the Adirondack Spa Dealer a product line of value features without sacrificing margin, all at great prices.*

## New Model - Regent LE

A version of the Regent has been added to the Adirondack Spa Line. This will allow the Adirondack Dealer to have the option to sell this design. The Regent LE will use the LE Equipment platform, but will not include the following as Standard: Full Foam, Splash Lighting, Ozone, Slide Rails, Saratoga Sounds. It will be available in the Blow Mold Cabinet only, WeatherAll not available.

## Pumps ..... No Changes from 2013

(Keene: 1@140GPM / Champlain: 1@195GPM / Cascade & Marcy: 2@195GPM ea / Georgian & Regent LE: 2@240GPM ea.

**Jets** ..... Stainless Steel Jet Accents will be standard on both SE and LE Models. Grey Jets have been discontinued.

**Valves** ..... For 2014, the Versa Flo Air Valve (used on the Luxury Spa Models) will replace the currently used "Star Air Valve" on the Adirondack Spa Line. This will be a running line change.

**Pack** ..... No change from 2013, VS Packs on LE, BP500 on SE

**Topside** ..... No change from 2013, VS topside on LE, TP600 on SE.

**Lighting** ..... # 2014 MODEL FACT SHEET

Crystal Springs • Peerless Springs • Island Springs • Paradise Springs • Glacier Springs

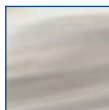

The Geyser Spas Line provides 110v options, a large open seated round spa and other unique designs. These spas were created to fit the more traditional style and use of the original "Hot Tubs" where the priority is on hot water therapy instead of hydrotherapy. The Geyser Spas Line is perfect for yards with size or design constraints. It works for the one person model or for the large, round, open seated seven person spa.

- Pumps** ..... No other changes from 2013
- Jets** ..... No changes in jet totals from 2013
- Pack** ..... Balboa Revolution BP500
- Topside** ..... Balboa TP600 w/Bezel Design and Series Specific logo
